

Environmental Policy

N.R.S Poultry Sustainability & Transformation Ltd. (NRS Poultry) was established to provide solutions to animal welfare problems while reducing environmental footprint. NRS Poultry management is committed to the continual improvement of the Integrated Management System (IMS), according to compliance obligations, by following the principles and requirements of ISO 14001:2015. The framework for setting environmental objectives is defined in the IMS Manual.

All employees of NRS Poultry are committed, and continually acting to protect the environment by preventing and reducing environmental pollution through:

- Developing and providing solutions for the poultry industry incorporating large-scale positive impact both on the business and environmental aspects
- Education to prevent environmental pollution, preserve natural resources, and improve the IMS
- Raising of environmental awareness by adopting WHO SDG's
- Regulatory and legal compliance
- Following environmental procedures to decrease environmental pollution, and prevent degradation and damage to the environment
